**Office of the Assistant Schools Division Superintendent**

My heartfelt congratulations to the Completers and Graduates of Class 2023 for completing another milestone in your quest for excellence and better future.

Graduation is not the end of your journey but rather the beginning of another chapter of your life. Expect more challenges and obstacles as you go through your way, and I firmly believe that you can overcome all these because you were provided and equipped by your teachers with the necessary skills, talents and competencies. You were molded as a resilient individual ready to face any challenges and difficulties in life.

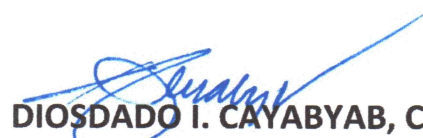

Your graduation is a manifestation and testimony of your hardwork, dedication and commitment to reach greater heights and become successful professionals someday. Likewise, this is also a proof that you had overcome and surpassed the adversities brought about by the difficult times.

As you leave the portal of your Alma Mater, may you continue to exhibit the values, the good character and attitude that you have acquired wherever you may go. Remember also the theme that you “K -12 Graduates: Molded Through a Resilient Educational Foundation”.

My congratulations and salute to the teachers and school administrators for your passion and dedication in molding our learners. To the parents and guardians, thank you for your unending support and sacrifices in sending your children to school for them to acquire the life skills they need for their future.

To other education stakeholders, thank you for your continuously supporting our schools in their various needs.

Again, my congratulations to the Junior High School Completers and the Senior High School Graduates of Class 2023!  
God Bless us all.
